

Audio Interface Cable

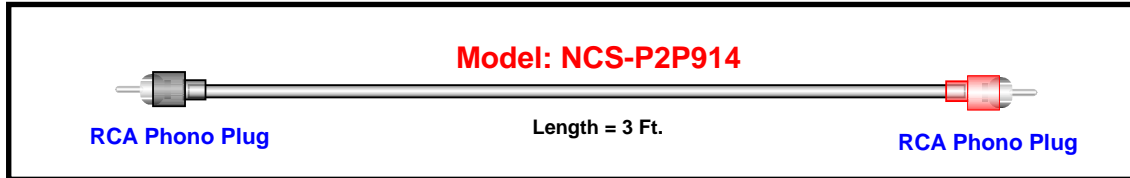

One cable is required for each of the two audio channels (left & right).

\$13.95 each

Mute All Cable

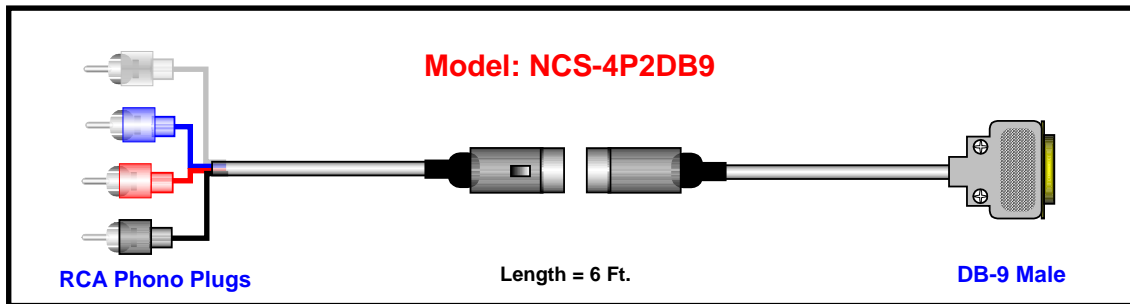

\$5.95 each

Selective Mute Cable

The NCS-P2P914 Mute All cable is required in addition to the NCS-4P2DB9 Selective Mute Cable for the Selective Mute function to work properly.

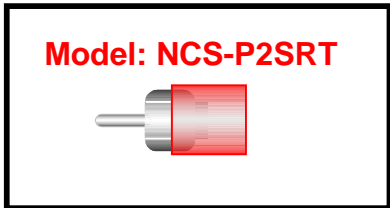

\$16.95 each

Shorted Phono Plug

The NCS-P2SRT is a shorted phono plug that must be installed in the Key In jack on the Multi-Switcher if the Selective Mute function is implemented.

\$1.50 each
